RESEARCH INTERESTS Medical Image Analysis, Computer Vision, Machine Learning

EDUCATION **Imperial College London**, London, UK

Ph.D., Computing Research, *Expected:* Sep. 2018

- Thesis Topic: *Machine Learning in Medical Image Analysis*
- Supervisors: **Prof. Daniel Rueckert**, **Dr. Paul Bentley**

M.Sc., Advanced Computing, Sep. 2013

- Topic: *Machine Learning, Computer Vision, Optimization*
- Rank: *Distinction*
- Supervisor: **Prof. Daniel Rueckert**

Nanjing University of Information Science & Technology, Nanjing, China

B.Sc., Information & Computing Science (Computational Mathematics), Jun. 2012

- GPA: *90/100*

EXPERIENCE **Research Assistant** Jan. 2014 to present

BioMedIA Group, Department of Computing,
Division of Brain Sciences, Department of Medicine,
Imperial College London

- Supervisors: *Prof. Daniel Rueckert*, *Dr. Paul Bentley*
- Project: *Decision-assist software for management of acute ischaemic stroke using brain-imaging machine-learning (Ref: II-LA-0814-20007, NIHR)*
- Achievements:
 - Developed a stroke imaging dataset (~10,000 subjects), collaborating with clinicians, radiologists, medical students, etc.
 - Developed automated pipelines for image processing (scan joining, intra and inter subject registration, intensity normalization, etc.)
 - Developed novel algorithms for identification of stroke disease biomarkers (small vessel disease, acute ischemic infarct, atrophy, etc.) based on machine learning algorithms (random forest, boosting, deep neural networks, etc.)
 - Deployed the pipelines and algorithms to local hospitals with a software engineer

Teaching Assistant Springs 2016-2017

Department of Computing, Imperial College London

- CO317 - Graphics

SKILLS

Operation Systems:

- Linux, Windows, macOS

Programming Languages:

- Python (Knowledgeable), Matlab (Knowledgeable), C/C++ (Basic), Bash (Basic)

Deep Learning Frameworks:

- Tensorflow (Knowledgeable), Caffe (Knowledgeable)

Languages:

- Mandarin (Native), English (Professional)

AWARDS	Silver Medal	Nov. 2017
	<ul style="list-style-type: none"> • Huawei UK Student Challenge 	
	Deep learning based image deblurring	
	First Class Scholarship	2011-2012
	<ul style="list-style-type: none"> • Nanjing University of Information Science & Technology 	
	Honourable Mention	Feb. 2011
	<ul style="list-style-type: none"> • International Mathematical Contest in Modelling (MCM) 	
	Second Prize	Sep. 2010
	<ul style="list-style-type: none"> • China Undergraduate Mathematical Contest in Modelling (CUMCM) 	
SERVICE	Reviewer	
	<ul style="list-style-type: none"> • IEEE Transactions on Medical Imaging
